Nothing to Report.

New Business

1. Autumn Woods

Tim Gregowicz, City Engineer, stated that this is to consider approval to deny all future permits for the Autumn Woods Subdivision, until all detention issues are resolved. The City requires that all new subdivisions have a detention retention basin. Autumn Woods was suppose to have one in Phase 2. However, the developer went bankrupt during Phase 1 and Phase 2 was never started. Discussion ensued over the need of a detention retention basin. Alderman Randle made a motion to deny all future building permits for the Autumn Woods Subdivision. Alderman Wigginton seconded the motion. All members present voted aye. Motion carried.

Old Business

Miscellaneous/Aldermanic Discussion

1. Five Year Asphalt Patch Program

Tim Gregowicz, City Engineer, stated that the two college interns helped evaluate 78 roadways. Ward 6 roadways did not include curbs, driveways, or sidewalks in their numbers. The 78 roadways that were evaluated represented 98 lane miles. Discussion took place over the costs, evaluations, and the various funding sources.

Alderman Unidentified made a motion to adjourn the meeting seconded by Alderman Kinsella at 6:55 p.m. All members present voted aye. Motion approved

Respectfully submitted,
Lauren Maule
Engineering Secretary
