INSPECTORS REPORT

- In the month of February there were 111 total inspections. Of the 111 inspections, 52 were housing inspections and 59 were other inspections.
- No tickets or other issues were noted.

OLD BUSINESS

- Letters were mailed to new applicants.
- Zach Alberti was told he had to apply during the next round of applicants.

NEW BUSINESS

- The commission led a discussion on changes to the Belleville Electrical Ordinance. The discussion was tabled until next meeting due to not having an Ameren representative at the meeting.
- A discussion with James Hickman of Current Plus was led by the Commission concerning violations and poor workmanship on several of his recent jobs. He stated that he did not have any excuse for the poor work. He has been growing quickly and has not had the time to do follow-up inspection work on his jobs. He has been searching for an experienced electrician to do the follow-up inspection work. He was told if this type of work continues, his license will be revoked. Ken will be getting a list of violations on his jobs that need to be fixed. James has thirty days to get all violations repaired or his license will be revoked.

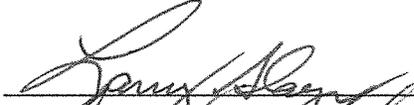

The next meeting will be held on **April 25, 2016** at 6:00 p.m.

Meeting adjourned at 7:13p.m.
