PUBLIC HEARING

Public Hearing regarding the vacation of a portion of the Right-of-Way of Tower Plaza Dr.

PUBLIC PARTICIPATION

Rick Brown

Mr. Brown disseminated copies of the United States Constitution to the aldermen. A month has gone by since he came and advised the city has a rouge employee that started issuing tickets and forcing people to consent to illegal searches of their homes. To this date nothing has been done. There was a Health and Housing and Aldermen Kinsella is to meet with the city attorney to get a legal opinion.

Mr. Brown recommended revising the ordinance. Mr. Brown stated the citizens of Belleville are afraid of this council as a group. His wife is afraid of what this council has allowed to be done to her. This is the definition of tiring...when people are afraid of their own government.

Mr. Brown stated the council should be afraid of him and the citizens of the community. He stated he has submitted another FOI and hopes the city attorney will allow the city to give him access.

The occupancy was changed by Mr. Sabo on his own. These are extra constitutional actives and on that point if someone litigates this and they litigate against the city and they name names they will have to get their own lawyers. Diane Rogge was awarded \$30k out of court for having sign at her business.

Let's say there are 100 people that Mr. Sabo did this too at \$30k...that is \$3,000,000. Let's say it's 1000 people that will be \$30,000,000. Defending that will not be cheap. Because this is the 4th and 5th Amendment the federal judge may say this is so egregious this is worth \$100,000 per person.

Katherine Ruocco

Stated she is present for an agenda item. She purchased 2940 West Main for an office building and she also purchased 3000 West Main. She stated the Zoning Board has recommended approval. When she purchased 2940 West Main Street it is to be used for an office building. When she purchased 3000 West Main Street and replaced the siding with steel siding. She stated both Alderman Tyler and Randle are in favor.

Michael Hagberg

Regarding the proposed business district at 70th Street and has come to the realization that in Belleville the citizens themselves no longer have a way of being able to make a decision when they shop of knowing what the sales tax is when they

go into the business. He recommended having the business districts to post a sign on their door stating "this establishment collects 9.1% sales tax" and that way the citizens will be able to make decisions on if they want to shop and support the tax incentives given out.

It seems the business plan in Belleville is let your property go to crap, create a business district and let the tax payers pay to have it fixed up. He would rather see business owners make a profit by maintaining their property throughout the years.

Patrick Linch

Representing the Operating Engineers Local 148 at the Wastewater plant. They recently wrapped up negotiations with Jim Schneider and his team. Both sides did not get everything on their lists. This was presented to the members and they voted to accept the negotiated contract. He is here asking for the councils consideration and approval. He stated this is a fair agreement for both parties.

Tom Gary

Mr. Gary stated he lives directly across from Grappa Growlers and would like to comment on a letter (a request submitted by Grappa Growlers) the council received from Grappa Growlers. He wishes Grappa Growlers success; however, he would appreciate the council not allowing outdoor music.

Stewart Lannert

Tom Holbrook seems proud that there may be an honest election in Belleville. Mayor Pro Tem Silsby admonished. *Inaudible.*

Discussion...

Alderman Buettner stated on the original agreement the total sales subject to retail sales tax was \$1,450,000 and the new agreement is \$600,000...why is this cut in half; Assistant Director of Economic Development, Eric Schauster, stated they included their movie ticket sales when they made their application and they didn't realize until after the fact that ticket sales are not subject to tax. The \$600,000 is subject to sales tax and in addition to that they will have their movie ticket sales which are not subject to sales tax.

Alderman Buettner asked what their total sale are subject to sales tax; Schauster didn't know. In the agreement, there was a 50% rebate on the property taxes; Schauster stated yes; Alderman Buettner asked why; Schauster stated this is a

\$3,000,000 project. Alderman Buettner asked if they do not get this agreement they will not go forward with the project; Schauster stated when they sign the application there is statement with signature that says without the incentive the project cannot happen.

Alderman Buettner stated the city's investment (property tax and building materials rebate) is approximately \$200,000; Schauster stated if they purchase all building materials in Belleville the total savings is approximately \$30,000 and the property taxes is approximately \$9,600 per year which will be less since the expansion will not kick in for two years.

Alderman Buettner asked to date have they met all of the requirements; Schauster stated yes.

Alderman Buettner stated he is in favor of The Edge and goes to The Edge a lot and is totally for their expansion; however, it is hard for him to believe on a \$3.5 million dollar investment if they do not get the \$200,000 they would not go forward with the project.

Alderman Ovian stated he would like to see the Certificate of Insurance.

Members voting aye on roll call: Hazel, Kinsella, Randle, Tyler, Ovian, Silsby, Dintelman, Seibert, White, Galetti, Wigginton and Musgrove. (12)

PUBLIC HEARING

Public Hearing Opened: 7:03 PM

Public hearing regarding an annexation agreement for approximately 10.1 acres of land located southwest of the intersection of Frank Scott Parkway and South 11th Street (Parcels 07-25.0-400-018, 07-25.0-400-019).

PUBLIC PARTICIPATION

Michael Hagberg

Mr. Hagberg stated, once again, the city is looking to annexing additional property, bringing it into the city with promises of more development. He has done the

research on TIF 10 and that is when the city annexed 1900 acres into the city and of that 1900 acres in 1999, 1800 acres is sitting vacant and undeveloped. There are a lot of promises, a lot of "oh the developer is going to do it", Belleville is going to be a destination, businesses are going to explode in the area and then nothing happens. The city gets stuck with maintaining additional property within the city. The city has to police it, maintain it, road have to be done.

When will this stop? Let's develop the existing vacant property within the city and stop sprawling out to the outer limits where something may happen or something may not happen.

We have gotten into the Shrine project thinking that's going to happen, then another agreement "let's fast track it and give them twice as much incentives to get the job done and they have not hit a single deadline. There is no convenience store, no restaurant. The taxpayers are the only ones that do not benefit from annexing additional property that cannot be maintained by the existing staff.

Discussion...

Alderman Randle asked for a detailed rationale for the annexation itself; Mayor Eckert stated it is clear that Mr. Keller and his group has come to the city and the city has approved Parkway West which is going to be breaking ground the day after Labor Day. This annexation is staging possible more growth for that in the future. Lots have been spoken for and out front parcels have been spoken for.

Alderman Randle asked Mr. Keller if he had specific plans for this property that is under consideration for annexation; Mr. Keller stated not at this point; however, it is adjacent to the property to the south. There is an agreement for acreage to the north. There will be six (10,000 sq ft) office buildings and seventy-four residential lots wrapped around public lakes. This will be the first phase utilizing the first 49.5 acres.

Alderman Elmore ask if they are going to break ground next week; Mr. Keller stated not next week; however, very soon. They are waiting for the crops to come out; however, the sewer will be started next week.

Alderman Buettner asked when will be building be started; Mr. Keller stated are preliminary plans the first three buildings. Mr. Keller stated the grading, infrastructure and they are waiting on Ameren for the final numbers. There will be nine homes and the six buildings will be the first phase. As you come into the

PUBLIC PARTICIPATION

Rick Brown

Quote..."Oh what a tangle web we weave, once we first seek to deceive". Mr. Sabo changed an ordinance without advising council, including the Mayor. Mr. Brown stated he does not like liar. Mr. Brown stated he said 16 aldermen and the mayor did not know about what was done in 2013. It is now 14 aldermen, two aldermen who are sitting tonight knew exactly what was going on. On February 6, 2013 when the change was made to the definition of occupancy. In a meeting, a few weeks ago, Alderman Kinsella and Alderman Musgrove to the absolute opposite positions of what was done during the 2013 meeting.

Mr. Brown stated "here's the deal", he has a hard drive of the meeting of February 6, 2013. The mayor was there and spoke about the proposed changes to the occupancy ordinance and all it was is making sure the people added the names on the occupancy certificate that were living there. There was never any intent whatsoever that there would be an inspection of homes while people were living there just to have a parent, son, daughter etc. as long as they didn't exceed the occupancy load.

It went further than that, the only exception would have been if the home was not inspected since the ordinance started in 1988 and the only thing they would do is come in and measure the bedrooms. This was only to determine the occupancy load.

Mr. Brown stated during the meeting in February 2013 Mr. Sabo stated there would be no inspections.

Alderman Kinsella made a motion seconded by Alderman Pusa to approve an amended development with Noble, Inc.

Discussion..

Assistant Director of Economic Development, Eric Schauster, stated in 1996 the city council approved a development agreement with Noble Inc. (Twin Pyramid Office Facility at 74th Street and Route 15). There were a number of items that were to be addressed in the agreement and all except one has been completed. The

one that is incomplete is an extension of the sewers to the facility. The city did install an aerobic system to accommodate the existing facility. The agreement states the sewers will be installed within three years and if development comes to the table prior to the sewers being completed the city would install an aerobic system for a temporary solution.

Mayor Eckert stated this was done during the time Rodger Cook was mayor. There were also development improvements along south 74th Street during this time. When Mayor Kern became mayor in 1997 Mr. Noble came back forward and there was a letter signed during that time the city recognized that this was the one item that had not been done. Mayor Eckert stated when he become mayor in 2005 he came back again and the city stated they understood there was an agreement.

The City Attorney recommended to redraft the development agreement so that is it more clear.

Alderman White stated this agreement is approaching twenty years and now all of a sudden they have the second statement about if the city cannot provide the sanitary sewer the city would have to pay for the private sewer. Alderman White stated if the developer had any inside on what is coming. Mayor Eckert stated there is no inside and with upcoming days this is what the council pledged to do before.

City Attorney Hoerner stated the aerobic requirement was in the original agreement. Mayor Eckert stated this is making good the commitment to Mr. Noble.

Alderman Buettner asked if the city has a sewer line close to the development; Director of Wastewater, Royce Carlisle, stated the city does not have a sewer line available at this time; however, there is a pump station 1/2 mile down Route 15. There are two options: (1) run a line to Stookey's treatment plant; or (2) run the line to the pump station the city already has.

Alderman Buettner asked the cost; Carlisle stated without doing some preliminary engineering there is no way to tell. Alderman Buettner stated he has a problem voting on something when he has no idea what it will cost. Alderman Buettner asked if it is necessary to have this in place without a development; Mayor Eckert stated Mr. Noble has been patient and he is working on a development.

Alderman Randle asked if the delay has been the result of the city's inaction or the lack of development; Mayor Eckert stated mutual. Alderman Randle asked is this was part of the original Westfield Plaza; Mayor Eckert stated no.

Mayor Eckert stated he and his office have received a number of new leads along the Route 15 corridor. During the last 18 months there have been a significant amount of inquiries.

Alderman Randle stated he has question with the empty retail spaces that are in Westfield Plaza. Alderman Randle stated he would like to see plans developed for backfilling the empty spaces. Mayor Eckert stated a good example is the entire time of his office as mayor he has worked on 6401 West Main. The dead ends were a result of the lending institutions. Westfield Plaza has been similar. It seems to be that the owner of the building is using it as a tax loss.

Assistant Director of Economic Development, Eric Schauster, stated there are two separate parcels; therefore, two owners. There have been a number of prospects tour and the owners have taken it as a loss for tax purposes. Schauster met with the agents for the one side on marketing.

Alderman Randle asked Director of Wastewater, Royce Carlisle, if this can be done over a three year period of time. Will this be done in phases; Carlisle stated he does not have any money in the budget for this year so it can be done in phases or see what the Master Sewer Committee would like to do. Engineering must be done to determine which direction to run the sewer.

Alderman Ovian asked what Mr. Noble would like to build; Mayor Eckert stated commercial i.e office, medical, professional office space.

Alderman Anthony stated "an agreement is an agreement". Even though this was twenty years ago the city has an obligation to keep their end of the agreement.

Alderman White stated he is not in favor of "in the event the sewer doesn't happen the city will provide the aerobic sewer".

RE: Carlyle Avenue and Green Mount Road Sewer Extension Bid Results

Dear Mr. Carlisle:

On August 9, 2015 bids for the City of Belleville Carlyle Avenue and Green Mount Road Sewer Extension Project were opened and read aloud. The bidders and their bid prices were as follows:

Baxmeyer Construction, Inc.	\$198,868.20
Haier Plumbing and Heating, Inc.	\$229,713.00
Hank's Excavating and Landscaping, Inc.	\$292,423.00

EXCEPTIONAL SERVICE.
NOTHING LESS.

Upon review of the bids submitted for the above referenced project, we feel comfortable in recommending a Notice of Award to the low bidder, Baxmeyer Construction, Inc. of Waterloo, Illinois. Baxmeyer's low bid of \$198,868.20 was below the opinion of probable cost with 10% contingencies, \$261,299.50. Furthermore, Baxmeyer's workmanship on past TWM projects has been of high quality.

Based upon the information provided herein, we recommend the selection of Baxmeyer Construction, Inc. for a contract agreement to construct all work associated with the Carlyle Avenue and Green Mount Road Sewer Extension Project.

Please contact our office at your convenience with any questions or comments concerning this recommendation.

Respectfully,

THOUVENOT, WADE & MOERCHEN, INC.

- B. *Whether the strict application of the district requirements would result in great practical difficulties of hardship to the applicant, and present a reasonable return on the property; and*
- C. *Whether the proposed variance is the minimum deviation from such requirements that will alleviate the difficulties/hardship, and allow a reasonable return on the property; and*
- D. *Whether the plight of the applicant is due to peculiar circumstances not of his own making; and*
- E. *Whether the peculiar circumstances engendering the variance request are applicable to other property with the district, and therefore, that a variance would be a more appropriate remedy than an amendment (rezoning); and*

Mr. Dallas Cook, City Clerk

Dear Mr. Cook,

St. Elizabeth's Hospital is planning a variety of events for October 2016 to support Breast Health Awareness Month. One of the items we would like to do to increase community awareness of this public service campaign is to decorate our campus and surrounding downtown areas with pink ribbons as we have done in past years.

We are proposing to be allowed to decorate light posts and bump-out railings on East/West Main Street for six blocks out from the fountain as well as for three blocks North/South from the fountain on 159. St. Elizabeth's will provide ribbons and labor for hanging and removing the ribbon. If approved, we would like to put the decorations up on September 30 and remove them on October 28.

Along with this visual awareness piece, we will also be distributing flyers to downtown businesses to explain the ribbons and share breast health education to the general public.

We look forward to partnering with the City of Belleville to increase awareness for breast health.

Sincerely,

Dear Mayor Eckert,

I am writing this letter to ask permission from you and the city board members to allow me and a group of friends to have a car show/car cruise on October 22nd, 2016. We have done this show for the past 3 years but our old location is no longer available. The location we would like to use is across the street from 900 Scheel Street in Belleville. It is an open field and was once a trailer park. The times will be from 7am-7pm and all trash will be picked up before we leave. Also we will have event insurance provided we need it and we will get 2 port-o-potty's. If there is any other information you may need you can contact me at the phone number or email listed below.
