GUESTS:

Melinda Hult, Ward 2	Joseph W. Hayden, Ward 5	Dean Hardt, Ward 4
Maureen Morris	Gene Norber, EDR	Julian Jacquin, EDR
Lillian Schneider, Ward 7	Mike Heisler, Ward 1	

The TIF Joint Review Board was held at 6:00 p.m. on the first floor, Council Chambers, City Hall.

Jerry Turner asked the Board to elect a member from the public. Terry Beach made a motion to elect Ken Kinsella, seconded by Dennis Korte, with all present members voting aye. Motion carried.

Jerry Turner asked the Board to elect a Chairperson. Terry Beach made a motion to elect Ken Kinsella and seconded by Dennis Korte with all present members voting aye. Motion carried.

Chairman Kinsella explained the adoption of rules for public participation. Chairman Kinsella asked for a motion to approve the rules of public participation. A motion was made by Lee Spearman and seconded by Terry Beach with all present members voting aye. Motion carried.

Chairman Kinsella opened public participation. Lillian Schneider, Alderman-Ward 7, stated that she would like the next TIF meeting to be in the newsletter or in the newspaper. Eric Schauster explained that the date of the meeting had not been set in time for the publication of the newsletter, the meeting was posted on the City's website and a representative of the Belleville News Democrat was at a previous meeting where the date and time was announced for this meeting. Ms. Schneider suggested a little more effort go in to advertising for the next meeting.

Melinda Hult, Alderman-Ward 2, asked why there wasn't any one present to represent the School Boards; Mr. Schauster explained that Mr. Dosier would be late and District 118 will be present for the later TIF discussions. Ms. Hult asked why the finances of the TIF's are not available to the public, Jamie Maitret answered that they are available on the Comptroller's website; Mr. Schauster noted that the files were too large to upload onto the City's website. Ms. Hult stated that there could have been a way to project the documents for the public to see.

Joseph W. Hayden, Alderman-Ward 5, stated that TIF 4 was put into effect for development that failed to materialize. Mr. Schauster explained that there have been various projects that fell through due to different reasons. Mr. Hayden stated that if the projects were not in the original plan of the TIF, then it would have had to be modified. Mr. Schauster stated that there are no current projects associated with TIF 4. The balance of TIF 4 is \$20, 800.00. Mr. Hayden stated that as a citizen of Belleville, TIF 4 has been in effect since 1986 and has not materialized; he would like to see it terminated.

Maureen Morris, 618 S. Jackson, stated that the TIF meetings have not taken place in twenty three years. She said that the public is only allowed to speak on the TIF's publicly once a year and doesn't like that they are limited to three minutes of speech. She suggested a City Committee be created. Chairman Kinsella closed public participation.

Chairman Kinsella asked for a review and effectiveness of TIF 4's status. He gave a description of TIF 4.

Chairman Kinsella stated that he thought it was a good idea to keep TIF 4 active because if you find a developer for the property, they will need help developing it. He noted that the funds will be distributed back to the taxing district body in 2021. Mr. Schauster noted that there have been several projects come forth but for different reasons, the economy being one, the projects didn't happen.

A motion was made by Jerry Turner to close TIF 4 Joint Review Board meeting and seconded by Lee Spearman with all present members voting aye. Motion carried.

Respectfully Submitted,
Kari L. Tutza
Transcribing Secretary

TAX INCREMENT FINANCING DISTRICTS

NOTES TO FINANCIAL STATEMENTS
APRIL 30, 2012

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounts of the City are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures or expenses as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. Special Revenue Funds are used to account for the financing of public improvements or services deemed to benefit properties within a specific area. The City established the Tax Increment Financing Districts in the fiscal years ended April 30 as follows:

Districts #1 and #2	1984
Districts #3 and #4	1986
Districts #5, #6 and #7	1987
Sales Tax District	1992
Districts #8, #9, #10 and #11	2000
District #12	2003
District #13	2004
District #14	2006
Districts #15, #16, #17, #18 and #19	2008
District #20	2009
District #21	2010

The statements reflect the modified cash basis of accounting. Accordingly, revenue is recognized when cash is received and expenditures are recognized when paid.

The accompanying financial statements were prepared for the Tax Increment Financing Districts only, to reflect their cash balances as of April 30, 2012 and revenues received and expenditures paid for the year then ended. These statements are not intended to present the financial position and results of operations of the entire City of Belleville, Illinois as of April 30, 2012.

NOTE 4: REDEVELOPMENT AGREEMENT

The City entered into a redevelopment agreement to develop an area within a tax increment financing boundary by which the developer would incur reimbursable costs which would be submitted for payment through Tax Increment Finance Notes. The debt would then be retired with tax revenues generated from the increase in values of the developed properties. The notes are payable solely from the new revenues and do not constitute a debt of the City.

The City made payments to reduce the principal amount of the Tax Increment Financing notes for the Reunion Development Project agreement by \$471,944 during the year ended April 30, 2012. These payments are being reported as development expense in the financial statements. The note balances related to this project in the total amount of \$18,636,929 are still outstanding and not reflected in the debt of the City as of April 30, 2012.
