PUBLIC PARTICIPATION

Hal Inabinet

Regarding 11-C(3) the increase of the trash collection by \$2.00 he is concerned where are the numbers that justify. The newspaper stated \$3,000,000.00 was the intake and \$3,000,000.00 was the cost last year. How did you come up with \$2.00? All he saw was a comparison to the

neighboring communities. He would recommend not approving without justification for what increase there is i.e. +s against -s, future for the next five years.

He submitted a Report of Concern, spoke with the IEPA and the St. Clair County Storm Water District concerning the lack of erosion control, storm water prevention at the Hofbräuhaus. He would like to be informed regarding erosion.

Michael Hagberg

Regarding the agreement using TIF money to improve a property which is adjacent to the TIF District. Is this legal? Thirty years ago the property owner made the decision not to participate in the TIF. For the past thirty years the property has not paid one dime into the TIF . What justification is there to take TIF money from other property owners to improve a property that is adjacent to a TIF. TIF District money is supposed to be spent within the TIF District. He does not believe it is legal to be spending money outside of the TIF District.

Stewart Lannert

Regarding 11-C(2) Kaskaskia Engineering is getting \$27,400.00 and he is wandering about the competency of Kaskaskia. They did approximately \$10,000.00 at Bicentennial Park and the first good rain came along and washed it all out.

In the newspaper today there was an article regarding the bridge is going about as bad as the beer hall. Kaskaskia Engineering had a hand in that.

He used to think that people took in homeless kids were very good people were wanting to help homeless kids but stupid him many do just for the money. Most public servants in the metro east are mainly in it for the money and benefits.

If you are a democrat in this town it is hard to get arrested. Punching a young girl in the face and dragging her by her hair, pointing a shot gun in some kids face and shooting at him and it all goes away. All of the monthly feel good words are just foolish.

PRESENTATIONS, RECOGNITIONS & APPOINTMENTS

Mayor Eckert recognized Michael Buehlhorn with a proclamation in honor of his retirement as Executive Director of the Metro East Park and Recreation District.

Alderman Kinsella made a motion seconded by Alderwoman Pusa to approve Engineering Proposal for \$27,400 from Kaskaskia Engineering Group for Bi-Centennial Park OSLAD Grant Engineering.

Mayor Eckert stated this grant was stalled by the State two years ago; therefore, the engineering could not be completed. The City received notification that it can proceed.

Members voting aye on roll call: Hazel, Kinsella, Pusa, Buettner, Randle, Tyler, Anthony, Ovian, Schaefer, Dintelman, Stiehl, Weygandt, Elmore, Wigginton and Barfield. (15)

Alderman Kinsella made a motion seconded by Alderwoman Schaefer to approve the increase in trash collection fees \$2.00 monthly for regular and \$1.00 monthly for seniors.

Discussion...

Alderman Ovian stated there is a immediate need for six trucks, four of which are critical. There are four gently used trucks that cannot withstand further use in the community. The \$2.00 and \$1.00 will not satisfy. There is a rear loader trash truck that is a 1994 and the city purchased on 3/4/2005. There are three trucks that were gently used that the city purchased and they are used for yard waste. There are two totes that are getting older (purchased in 2007).

Alderman Ovian stated the city needs more money that just \$2.00 and \$1.00. No other community offers a senior discount. The city needs four trucks immediately to avoid \$300,000.00/yr maintenance. Alderman Ovian stated he does not want to come back and ask people again for more money. In order to do this the city is not telling the people the truth.

Alderman Weygandt stated the \$2.00 and \$1.00 generates \$306,000; \$3.00 and \$2.00 would generate \$476,000; \$4.00 and \$2.00 would generate \$612,000; and \$5.00 and \$3.00 would generate \$778,000. A new truck is \$175,000.00. If you would go with \$3.00 and \$2.00 you can purchase two new trucks. You will save in maintenance cost. The city needs new trucks and cannot keep purchasing used trucks and putting money into them.

Alderman Buettner stated he is not opposed to the increase and the city has a good trash system which is economical; however, he has not been provided with hard numbers to justify an increase. He requested Finance Director, Jamie Maitret, to provide a cost analysis. He does not want to come back next year and ask for another increase. Alderman Buettner is concerned with the residents that cannot afford the increase.

Mayor Eckert stated the regular trash fees have not been raised in seven years and senior trash fees have not been raised in eight years partly due to the recession. Mayor Eckert stated there is one truck in the budget for the current fiscal year.

Finance Director, Jamie Maitret, stated the city has purchased one to two trucks annually over the last eight years. Currently, the City's trash fee is bringing in approximately \$3,000,000.00 and currently the City is spending \$3,000,000.00 with the expenses as they are. The landfill fees have gone up every year and the landfill has approached the City and advised they can no longer freeze the rates. Union contracts are another 3% on May 1st. In her opinion, the \$2.00 and

\$1.00 will cover the increases over the next year. \$290,000.00 has been budgeted for maintenance. Last year the maintenance cost was \$350,000.00.

Mayor Eckert stated it was asked at the Finance meeting why the city does not privatize; Mayor Eckert stated it would hurt the citizens, the city will lose control and the employees will have to be laid off.

Alderman Wigginton asked how many trucks are actually on the street; Director of Public Works, Jason Poole, stated 10 trucks per day. Director of Public Works, Jason Poole, stated the Administration has purchased twelve sanitation trucks, a new building and a new pickup truck since 2007.

Alderman Wigginton asked if four trucks broke down where would the money come from to replace; Director of Finance, Jamie Maitret, stated in the past when the city tried not to raise the fees due to maintenance and the gas spike, the city subsidized the overages with tax revenues in the general fund. Now, the tax revenues are drying up and the city can no longer subsidize.

Alderman Kinsella stated he supports the \$2.00 and \$1.00 because he feels the people in Ward 1 will accept this and would be willing to look at it again; however, they would like the council to be conservative.

Alderman Randle requested the finance director and director of public works get together and work up an intermediate plan regarding the costs (landfill, maintenance, salary increases) that will replace the fleet over the next three to five years.

Members voting aye on roll call: Hazel, Kinsella, Pusa, Randle, Tyler, Anthony, Schaefer, Dintelman, Stiehl, Wigginton and Barfield. (11)

Discussion...

Assistant Director of Economic Development, Eric Schauster, stated this Resolution is not obligating the city financially. The full development agreement will come through committee and council. One property is in a TIF and one is not.

Alderman Buettner asked why does there have to be an agreement to make an agreement; Mayor Eckert stated so the developer can move his project forward.

Application for Amendment: Call to Worship Ministries

Application Filed: 05/23/17

37-Jun17- Call to Worship Ministries – A request for a Use Variance in order to operate a church at 15 North 47th Street (Parcel number: 08-07.0-412-012.) located in a "C-2" Heavy Commercial Zoning District. (Applicable portion of zoning code: 162.247, 162.570.) Ward 4

Present zoning: "C-2" Heavy Commercial Zoning District

Meeting held: 06/22/17

Publication in News Democrat: 06/14/17

Supporters: None

Objectors: None

Aldermen present: Alderman Barfield

Additional public comments: None

Witnesses having been sworn, evidence presented and the Board fully advised in the premises, the Board has considered the following:

- A. *Whether the proposed variance is consistent with the general purposes of this Code and*
- B. *Whether the strict application of the district requirements would result in great practical difficulties of hardship to the applicant, and present a reasonable return on the property; and*
- C. *Whether the proposed variance is the minimum deviation from such requirements that will alleviate the difficulties/hardship, and allow a reasonable return on the property; and*
- D. *Whether the plight of the applicant is due to peculiar circumstances not of his own making; and*
- E. *Whether the peculiar circumstances engendering the variance request are applicable to other property with the district, and therefore, that a variance would be a more appropriate remedy than an amendment (rezoning); and*
- F. *Whether the variance, if granted, will alter the essential character of the area where the premises in question are located or materially frustrate implementation of this municipality comprehensive plan.*

A motion was made by Don Rockwell to APPROVE the request. It was seconded by Rebecca Boyer. All members present voted in the affirmative. The motion carried 6-0.

IT IS THEREFORE the recommendation of the Zoning Board of Appeals that the requested Use Variance be APPROVED BY A UNANIMOUS VOTE OF ALL MEMBERS PRESENT.
